

# Owe It To The Wind

Set in the 1960's and '70's, this is a story of love and betrayal. It begins with the high school romance between Michael, an underprivileged all-star athlete, and Meg, an only child in an upper-middle-class home. Determined to flee an abusive parent, Michael abruptly departs their small hometown in Michigan immediately after graduation to play football for the University of Southern California. Before he leaves, though, the young lovers make a pact to meet in five years. Will the thousands of miles and their individual goals prevent them from reuniting? What happens will keep you turning the pages and wanting for more.

"After grabbing you in the first chapter, Armstrong leads you through a roller coaster of emotions that sends her characters on unwanted tangents when their past and their pride get in the way of their true desires."

*Patricia K. Batta, Author of: What Did You Do Before Dying? and Why Did You Die in the Park?*

Brings back memories of a time when life was simpler."

*Julia Kraus, Brigadier General, U. S. Army*

"J.R. Armstrong weaves an intriguing story with interesting characters in diverse settings. She gets kudos for excellent dialogue and descriptive settings. Armstrong lures you into the sequel – she has you in her grip. The drama continues."

*Richard L. Baldwin, Author of: The Marina Murders, The Lighthouse Murders, and others.*
